

WE ARE RECRUITING QUANTITY SURVEYORS AND PROJECT MANAGERS

As part of the Greenwoods' family you'll be working on a huge range of projects: from castles, cathedrals and museums, to commercial developments and state of the art health centres.

Join us and be part of a small business with big ambitions, where staff come first and there is no limit to opportunity.

Greenwood Projects is an award-winning consultancy offering services across a wide variety of sectors including education, health, commercial, leisure and residential. As well as traditional Quantity Surveying, Project Management, Employer's Agent and CDM, we also have specialists in Funding Support, Business Planning, Project Evaluation, and more!

We have a national reputation as a leading provider of support to the heritage and restoration sector, working closely with the National Lottery Heritage Fund on major projects nationwide, and on some of the most iconic buildings in Britain. Clients have included The National Trust, Royal Armouries, and Historic Royal Palaces. We also work with many smaller third sector clients: faith groups, charities and community organisations, where you can really make a difference to the communities we support.

From small beginnings 35 years ago we have now grown to be a business with six regional offices, but we retain our small business approach to staff and client care, with director level engagement delivered at a local level. We genuinely care about our staff and promote a culture of shared responsibility and reward. As we continue to expand, retaining this culture is paramount and building a team of like-minded individuals is our key objective. We like to do nice projects for nice people.

Why work for us:-

- *A hugely varied range of project work from small local community schemes to major iconic projects with a national and international profile*
- *A culture of shared responsibility and reward in a business run for everyone not just shareholders*
- *Structured Training, support for professional development and paid professional fees*
- *A people first approach to flexible working, work life balance and mutual support*
- *A network of local offices designed to minimise staff commute and create pleasant working environments*
- *No barrier to opportunity – both personally and professionally*
- *Local focus, national reach*
- *Competitive salary and benefits package*

We are seeing growth in all our regions and a wide variety of other opportunities are available so we'd love to hear from any talented individuals looking for a new challenge in a dynamic, caring company.

Specifically our current vacancies are:

OXFORDSHIRE/SOUTH EAST (Witney):

Quantity Surveyor – self-starter confident in pre and post contract work, heritage experience highly desirable, but not essential, covering work across the east and south-east. Would suit an experienced project or senior level surveyor with ambition to help develop this busy regional office.

Assistant Project Manager – an interest or experience in heritage or third sector work an advantage. Might also suit a Quantity Surveyor interested in Employer's Agent/Project Management work.

NORTH MIDLANDS (Lichfield):

Assistant Project Manager/ Employer's Agent based at our Head Office – working across all sectors on new build and refurbishment projects. Employer's Agent experience desirable but not essential. Would also suit a Quantity Surveyor interested in Employer's Agent/ Project Management work.

SOUTH WALES (Cardiff):

Quantity Surveyors and Project Managers at all levels. We are looking for the right mix of people to join and help build our team in Wales, from graduates upwards. Welsh speaking desirable but not essential.

SOUTH MIDLANDS (Worcester):

Quantity Surveyors and Project Managers at all levels. We are looking for the right mix of people to join and help build our team in Worcester, from graduates upwards. Employer's Agent experience desirable but not essential.

Greenwood Projects is an equal opportunities employer
